SUBSCRIPTION \$2.00 PER YEAR

BASEBALL

FIRST GAME OF THE SEASON A CLOSE ONE

The first baseball match of the season was played on the Gleichen diamond last Friday afternoon when the Arrowwood boys came over to test out our fellows. It had been decided to play only seven innings in the initial game, but this ending in a tie two extras were necessary to reach a decision—the local boys coming off victorious. Mason scored for Arrowwood in the first and E. Norton in the third innings. Bill Taylor scored for Gleichen in the first Frank Pobst in the third and F. Mauza in the 8th innings. It was interesting all the way through and some real playing took place as the boys warmed up to the game.

Line-up: Arrowwood: Guertin p.; E. Mason c.; Bowman 1st; Brubaker 2nd; O'Neill 3rd; Lunka, r.f.; F. Mason c.f.; Duncan l.f.; Norton s.s. Gleichen: C. Bogstie p.; F. Pobst c.; F. Mauza 1st; D. Nattson 2nd; L. Robinson 3rd; T. Mauza s.s.; B. Taylor r.f.; R. McKay c.; Bolinger l.f.

R. M. Staback was umpire and the boys on either side showed some fine work and promise to play some close games during the season with the material they have now on their line-up.

Evidently Gleichen will have to depend upon our juniors for baseball games this season as several of our seniors of last year have left town and a good line-up is lacking up to the present. However our juniors are full of pep and will provide a whole lot of good fun.

CANADA'S NATIONAL GAME LACROSSE BEING REJUVENATED

Lacrosse is becoming more and more popular in Canada and every day one sees evidences on every hand of the rejuvenation of Canada's great national summer pastime—lacrosse—and it is right that it should be so, as there is practically no game which is better for those participating, or more exciting from a spectator's viewpoint.

In Montreal is this particularly noticeable for a lacrosse stick manufacturer recently shipped to Andrew Hamilton a member of the Montreal Playgrounds commission 1000 boys' lacrosse sticks to be distributed by the commission among the youngsters of the city with view to stimulating interest in the game.

The drive in favor of lacrosse is being carried on most extensively this year among school children and young men, and given special impetus due to the fact that lacrosse is one of the competitive games at the Olympic sports. It is particularly noteworthy that school teachers in all the provinces, are giving special attention to this campaign, and in consequence there should be a decided increase in the number of good players in the years to come as once a boy gets interested in the game he is always anxious to continue playing it.

A RARE TREAT COMING

The United Church Circle are fortunate in securing the sensational Canadian tenor, Walter Bates to present a program of unique interest to Canadians, which will be inspirational, instructive and humorous.

It will be a rare treat for music lovers to hear such an artist, as Mr. Bates has always presented his song and story recitals in cities and has been the highest paid church soloist on the continent. He will be assisted by Miss Bettie Cross, A.T.C.M. as pianist.

If you like to laugh and be serious, if you like to be entertained and inspired as well, then hear Walter Bates and you will not be disappointed.

May 23—Song and Story Recital by Walter Bates in United Church at 8:5 p.m. Adults 50c., Children 25c.

The Gleichen Canadian Club might buy a few sticks and start our school boys off on lacrosse.

GOLF SEASON IS VERY PROMISING

The opening session of the season and business meeting of the Gleichen Golf Club was held in the Club room of the Community Hall last Thursday night. Election of the officers for the year 1927 took place and the following were appointed: Geo. Gooderham, president; D. McDonald, vice-president; R. Clifford secretary; executive members: R. M. Staback, J. Reid, N. T. Pirell and A. R. Yates. The president outlined in a few words the purpose of the meeting called giving an estimate of the amount of work required and also of the necessary funds required to make it a successful season. A "bee" was arranged among the members for the purpose of burning off the grass and putting the course in shape generally. The same is to be held during this week at the call of the secretary. The fee for the season's playing was widely discussed and finally set at the following figures: gents \$5.00; ladies \$2.50; part time tickets for teachers etc., were set at \$3.00 for men and \$1.50 for ladies. The various greens were allotted to different members of the club to be taken care of and in this way expense is considerably reduced. A membership of 45 members is expected. Prospects for a fine season of playing are good and enthusiasm among the players is gradually increasing as the real opening of the season approaches.

MAJORVILLE NEWS

By Our Own Correspondent

MAJORVILLE, May 8th.—The community was shocked to hear of the fatal illness and subsequent death of one of its citizens, on May 3rd, the person of Clarence George Stephenson, a farmer living on the N. W. quarter of section 5-19-20-w. 4. Mr. Stephenson had seeded grain on Saturday April 30th. Taking seriously ill on Saturday night and passed away on Tuesday evening, May 3rd. The cause of death was a fatal attack of influenza or broncho-pneumonia, at the early age of 27 years. About two years ago Mr. and Mrs. Stephenson came here from Pelican Rapids, Minn. and renting section 5-19-20 from Mr. Harry Baker, (Ed. Hoffman was a previous tenant) they farmed there successfully since until Mr. Stephenson's fatal illness. Funeral service were held at the farm residence of Thursday at 11 p.m., by the Rev. Mr. Root, of Milo. A large concourse of the neighbors turning out for the obsequies, after which the remains of the late Mr. Stephenson were taken to Cluny and sent to Pelican Rapids, Minn. Mrs. Stephenson and two of the eldest children accompanying the remains east, to their former home Mrs. Stephenson expects to return accompanied by some of her friends. Much sympathy of the community was expressed for Mrs. Stephenson and children in their sad bereavement. They were held in high esteem by quite a circle of friends.

Mother's Day was very appropriately observed in the Gleichen United Church with an attendance of over 150 at the Sunday school session. A special program had been prepared and it was very interesting to observe the little tots as they gave their various recitations and songs. White and pink flowers decorated the pulpit. Helen and Isabelle Kelley gave a duet accompanied by Margaret Webber. Margaret Cuthbert gave a recitation. Ruby Moe and Lois Staback also gave their little numbers each. A girls quartette was arranged with Ella and Auly Robinson, Florence Schriber and Margaret Weber taking part. Della Hunter also gave a recitation. The Sunday school orchestra was in attendance and filled in during collection with a special number. The printed program form was used throughout the service and Rev. Geo. Webber told the story of "What Bradley Owed Mother". A fine contribution was taken up which will go to the Religious Education council of the province. Thus Mother's Day was once again duly observed in a very attractive way.

INDIANS CAPTURE THREE ROBBERS

Sunday night burglars entered six business places in Gleichen, but got little for their trouble, it being estimated \$70 would cover all they obtained in goods and no cash. They broke into three elevators, the Bawlf, Pioneer and Ogilvie, obtaining only a newly opened half pound of tobacco at the last mentioned, that Manager Sam E. Dafee left in his office Saturday night. At the Crown Lumber Co. they overlocked a \$5 bill, when they forced the cash register open, and nothing at McKay's Hardware or at N. T. Purcell's store, but secured most of the goods at McKay's approximately amounting to \$70 and at Mayor Purcell's store only helped themselves to a few cases of cigarettes, bananas, etc., besides taking time to drink some pop. In each case they forced windows open with a powerful "jimmie" which they evidently forgot as it was found sticking up in the ground near Purcell's store.

Walter McKay was the first to discover the robbery, by noticing the sidewalk window open as he came down to the store Monday morning. He at once telephoned the police and a few minutes later the others began to phone in similar accounts to Const. Valk.

All that day he was busy phoning and investigating, assisted by Sergt. Tomlinson and Const. Ellison of the R.C.M.P. Detective Tom Symons arrived from Calgary that afternoon and the four officers worked until after midnight.

Early next morning, however, their vigilance was rewarded when Agent Gooderham phoned them that the Indians had captured the robbers about two and one-half miles west of town. They had captured the robbers about with the goods in their possession.

Detective Symons and Tomlinson on a Ford car and in short order were at Fred Stud Horse's home where four Indians were holding the robbers in a room, and soon after had them locked up in the big "tank" at Const. Valk's home.

The prisoners gave their names as W. Etherington P. Bird and M. Coty and pleading guilty were taken to Calgary by auto yesterday afternoon where it is expected they will be sentenced this morning. The men had been engaged on the C.P.R. track work here for a short time, which is believed to be a blind as they had in their possession a quantity of goods not obtained here, and rumor has it that some of it may have been obtained at Didsbury or Olds where robbers have been recently reported. One of the prisoners was ill and it is thought that to be the reason they did not leave these parts at once.

To Jack Sun Calf belongs the credit of capturing the burglars who saw the three white men sleeping on the prairie near his home, and riding over to Tom Turned Up Nose they got a number of other Indians and corralled the whites while asleep. Having heard of the stolen guns and seeing crept up and secured and took the whitemen had them the Indians crept up and secured them and their prisoners to the nearest Indian farm house. They at once informed Agent Gooderham.

There is much credit due to the Indians and it is sincerely hoped they will be recognized and rewarded.

It's a boy, born in the Gleichen Hospital, Thursday, May 5th, to Dr. and Mrs. McIntyre. No. "Doc" says not a dentist, but a real honest-to-goodness "3rd base man." Gleichen will yet have a winning nine.

Mr. R. H. Prowse, of Cluny is the happiest man in the district since friend wife has returned from California, where she spent the winter visiting friends. With Miss Lee of Bassano she visited Gleichen on their way to Calgary by motor. Her friends are glad to see her smiling face again and hope to see more of it in the near future.

The dates for the Dominion Chautauqua is set for June 22 to 28 and the management promises a better program than ever including two plays. Line up your ticket buyers now.

"MONKEY TALKS" MYSTERY-DRAMA A REAL TREAT

Fox Films Version of Paris And London Stage Success Makes Great Picture

Jacques Lenren, French delineator of animals for the stage and now for screen came within a hair's breath of being seriously injured during the filming of "The Monkey Talks" at Fox Films Hollywood Studio.

Mr. Lerner journeyed from Paris to portray the role of Joko, the talking monkey, in the Fox film version of Rene Fauchois world famous stage play. The actor had not been in Hollywood very long before he commenced work "in the movies", so consequently his command of the English language was somewhat limited.

The event or culmination of several events during the first day's work in the studio which nearly spelled ruin for Mr. Lerner happened before Raoul Walsh made his appearance.

In the production of a live chimpanzee is used. Of course this chimpanzee is normally docile, as docile as their particular specie may be, and no fear is attached to the presence of such a beast "on the set"—that is when the beast is caged.

This morning by some error, Acka as the chimp is known, succeeded in loosening his captive bonds and started on an inspection of the huge stage. He was not noticed until he made his appearance where Olive Borden, leading feminine player in the picture, and several other members of the company were chatting.

One glance at Acka's grinning visage caused Miss Borden and others to shriek with terror. These cries caused the monkey to scurry into the maze of set supports and other scenery.

While Acka's trainer and twenty mechanics were cautiously searching for the hidden monkey Mr. Lerner, with his complete monkey regalia, entered the scene. Wham! and the unsuspecting actor was buried beneath an avalanche of canvas, blankets and other heavy garments, while several hands forcefully grasped his wrists and ankles and secured him with manacles.

Consternation reigned for a moment, then from beneath his covering Mr. Lerner exploded violently. French expletives rose from the mass of material with startling force and regularity while the captors of the supposed monkey stood by in bewilderment. And when the genuine monkey's trainer looked around there was Acka peacefully reclining in his cage somewhat taken aback by all the excitement.

A FALSE RUMOR CORRECTED

Someone has put into circulation a report that Mr. Wm. Sanders is suffering from "T.B." owing to his continued illness, which has naturally resulted in him losing some of his milk customers. To set at rest these rumors he has asked The Call to publish the following statement written by Dr. Bowles:

Gleichen May 7, 1927
This certifies that Mr. W. Sanders is entirely free from any contagious or infectious disease. This especially applies to the gossip around town that he is suffering from T.B.

A. W. BOWLES, M.D.
P.S.—The same applies to his family.

Don't miss the Junior U.F.A. social evening in the Meadowbrook Community Hall on Friday, May 13th. Lantern slides of "Good Old Ireland" will be shown and everybody is welcome. Good time is assured to all. Come and give the Juniors a boost.

Work is proceeding with the excavation for the derrick in Gleichen's oil field. Rock was struck last week a few inches below the surface and drills and dynamite arrived yesterday to blow out the rock. The second ear of timbers for the derrick has arrived and is being hauled to the site.

THE COST OF DRILLING FOR OIL

Oil Locator J. T. Wilson stated at the Board of
Trade mass meeting the best contract he could get on drilling
a well was \$20.00 a foot—that means a well 4000 feet
deep costs \$80,000. In Turner Valley 4000 feet roughly
speaking the depth oil is found at.

For eighty thousand dollars only the hole and casing
is supplied and does not include a complete drilling outfit,
lease, acreage, nor interest in any other property, while
the Oil Producers Corporation is offering shareholders in
the Gleichen field. This is surely worthy of consideration
especially in a new untried field such as ours. It is
still more desirable when Manager McEay states his estimate
is that the cost of drilling the first well here will not
require more than \$25,000.

NATURAL GAS EXISTS HERE

There are few who question whether or not natural
gas exists in this district. It has been proven to the old
timers who saw the illumination gas made on the reserve
in 1910, when Mr. Dingman was drilling there. At that
time the flames shot to a considerable height when lit. It
is also known gas was struck on the reserve about six
miles east of town when drilling for water for an Indian.
We understand this well is still capped and can be seen at
any time.

That argument is a good one why the entire district
should be taken together in making sure that oil exists in this
district in paying quantities.

THE WEEKLY PRESS

J. G. Elliott, for many years of the Kingston Whig,
and a veteran editor of Ontario, who has held many positions
of responsibility, in an article on the Weekly Press of
Eastern Ontario, says:—

"All honor to the weekly press for its quiet earnest
and effective work. Well expressed views and timely ad-
monitions have steadied public opinion, and in forming these
opinions no better work has been anywhere accomplished.
The weekly press—the country press if you will—has done more to mould the thought, the desires, the
hopes and ambitions of the people than any other source
of informative work that has been presented to date. In
fact I am bold enough to say that the country press has a
greater force in creating public confidence and respect for
law, order, uprightness and honesty, than even that of the
progressive dailies. And this is due to the fact that no
press is more respectfully, more earnestly read, and its
views more carefully analyzed than the weekly journals.
In the homes of the people the paper is thoughtfully scanned,
carefully digested and the great truths assimilated in
the body politic. This is why the Dominion is so steady
so law-abiding, so moral and so spiritual, using that word
in its fullest sense."

This is a high tribute to the weekly press, claiming as
it does, from one who for nearly half a century was con-
nected with the daily press. However Mr. Elliott but ex-
presses what observant business men have long admitted,
that to get to the heart of the people there is no agency
more potent than the weekly home newspaper.

Evidently Mayor Osborne understands the ways of
mortal man for he sent with Miss Agnes Law, who will re-
present Calgary in the Dominion beauty pageant in Van-
couver, an invitation to Mayor Taylor of Vancouver to at-
tend the Calgary Stampede this summer. If Miss Law
presents the invitation in her bathing costume how ever
could Mayor Taylor fail to stampede to Calgary?

How about inducing Mayor Purrell to send some of
Gleichen beauties to our neighboring towns in full cos-
tume to get a crowd here for May 24th? He might look
them over and consider the matter.

A SPLENDID OPPORTUNITY

**HOW HIGH DOES THE AIR
EXTEND?**

As we rise in a balloon or airplane
or climb a mountainide the air con-
stantly gets thinner. Half the air is
within four miles of the earth's
surface. At 20 miles the air is 100 times thinner
than at sea level. Small balloons!

containing only automatic recording
instruments have reached 30 miles.
We know by light strokes made by
the so-called "shooting stars" that
the air reaches at least 50 or 60
miles. At 50 miles the air is so ex-
tremely thin that this is usually given
as its height. It is not likely there
is a uniform upper boundary to the
air but that it gradually gets thinner
until it disappears entirely and noth-
ing remains but empty space.

TOWN AND DISTRICT

Plant a Jubilee Tree!

Just who was it predicted a dry
spring?

Now keep your eye on the weeds
and see them grow.

Agriculture and all industries make
a great combination—i.e. ours

When business is dull is the time to
advertise you have the goods at low-
est prices

If we can't have fire rising at the
cut canals let's hope we will soon have
"well-shooting."

The mushroom friends are looking
their chop in anticipation of the
mushroom crop.

R. S. McQueen returned last Friday
from a visit of several weeks to his
old home near Toronto.

Why kick when you never tall folks
what you have to sell or invite them
to your place of business?

Yes let's get the back yards cleaned
up before Empire Day—yes include
the streets and lanes while at it.

Other places are talking about what
is to be done on Canada's Diamond
Jubilee—why start it in Gleichen?

After a ten days of rain, sleet and
snow with little sunshine mixed Old
Sol received a great welcome Monday.

A couple of weeks of nice warm
sunshine now and we can look for-
ward to another bumper crop so far
as moisture is concerned.

When a man cannot tell something
good about his own business once a
week how can he expect folks to think
he has the goods they require.

Did you ever notice how the ladies
turn first to read the ads when they
get hold of a newspaper?

Bert James returned home last week
from attending the Alberta Universi-
ty at Edmonton. (This is Bert's final
year and his friends hope soon to see
him crop of Alberta's leading dig-
nity and chemist.

A faint hearted concern tried run-
ning an auto bus from Gleichen for
a week and quit. It happened to be
one of the wettest weeks for a long
time and they neglected to advertise
in the local newspapers—the result
was inevitable.

The Rev. R. H. Hinchey will have
charge of the United Church Service
at Arrowwood, Cluny and Gleichen
next Sunday. There is always a wel-
come for the stranger and visitor at
these services.

The Rev. Geo. Webber, who is mov-
ing to Vancouver in a few weeks, is
offering a number of household furni-
ture for sale, including a very
fine four-section book case, complete
with base and top, and other choice
articles. These are being offered at
great and mean exceptionally good
boys, and may be seen at the Mansie.

ST. ANDREW'S CHURCH

4th Sunday after Easter,
Sunday May 15.
Sunday School 11 a.m.
Evening Prayer 7:30 P.M.
Leslie D. Bachelor in charge

Mr. Bachelor will arrive here this
week to take charge of St. Andrew's
parish for the summer months. Mr.
Bachelor is no stranger to most of
the people here as he had charge of
St. Andrew's church here about two
years ago and while with us he was
very popular in every way. During
Mr. Bachelor's stay here before
good congregations turned out and it
is again hoped the people and friends
will again come in large numbers and
give Mr. Bachelor all the support
possible. Come next Sunday enjoying
and welcome Mr. Bachelor.

TRANSMISSION TAX SALE

APPLN. Y 886

THE REAL PROPERTY ACT,

AND THE ASSESSMENT ACT.

LAND TITLES OFFICE DISTRICT

OF VICTORIA

THE RURAL MUNICIPALITY

OF WALLACE HAS applied to be reg-

istered as owner under the above Act,

of the land described at the foot here-

of, and the District Registrar has

directed notice of application to be

served on you. The Applicant claims

title to the land by virtue of a sale of

the land for taxes by the Municipality

of Wallace on the 21st October 1922

and you are hereby required to take

notice that unless you redeem said

land under the Provisions of the

Assessment Act or file a Caveat or

take other proceedings to stop the

issue of a Certificate of Title to the

applicant, within three months from

the service of this notice upon you, a

certificate of title will issue to the

Applicant, or to whom it may appear

and you will thereafter be forever

estopped and debarred from setting

up any claim to or in respect of said

land.

DATED at the Land Titles Office

Victoria, this 4th day of May A. D.

1927.

LAND REFERRED TO,

The North East Quarter of Section

Twelve (12) in Township Twelve (12)

and Range Twenty-six (26) west of

the Principal Meridian in Manitoba

EXCEPTING thereout all mines and

minerals as reserved in the Grant of

said land from the Crown.

TO: Reginald Miles Thompson, the

registered owner,

("A. G. HAY" Office Seal)

"A. G. HAY"

District Registrar.

NOTE:—Parties entitled to redeem

the above land may obtain information

as to the necessary steps to be

taken to that end on application at the

Land Titles Office, Victoria.

This Notice is published by the Order

of A. G. Hay, District Registrar,

Land Titles Office, Victoria, for the

purpose of effecting a substitutional

service thereof upon Reginald Miles

Thompson, named in the said Notice.

DATED at the Land Titles Office

Victoria, this 4th day of May A. D.

1927.

"A. G. HAY"

District Registrar.

Trade where you are invited to

trade.

**HORN
BEER**

**HOW DO YOU LIKE
THIS NAME FOR
A NEW BEER?**

We asked for suggestions for a New Beer. We were
swamped with letters and telegrams. Over 14200 names
were submitted and after serious consideration the name

HORN BEER

was selected symbolic of the drinking cup of the ancients.
Nine contestants sent in this name consequently the \$100
prize will be divided.

The Prize Winners

H. Marshall, 528, 19th Avenue West, Calgary.
Doris Cheyne, 511, 6th Ave. West, Calgary.
J. W. Rott, 1131, 26th Ave., Edmonton.
H. Greagsbey, 1512, 16th Ave. West, Calgary.
V. L. Brown, 1225, 16th Ave. West, Calgary.
K. Edwards, General Delivery, Calgary.
A. H. Edwards, Albert Park, Calgary.
H. A. Edwards, Albert Park, Calgary.
G. A. Sinclair, Red Deer, Alberta.
R. B. MacKenzie, 1644, 89th Ave. Edmonton.

DON'T FORGET THE NAME

It's the Standard Type of Canadian Lager.
It's been maturing for many months.
It's a new name but not a new beer.

**HORN
BIG HORN BREWING CO.
Calgary, Alberta**

**Steel
for Strength**

Steel is the strength of bridges
and battleships, locomotives and
sky-scrapers, great manufacturing
machines and modern automobile
bodies.

Ford all-steel bodies are stamped
from finest sheet steel. The work-
manship expended in bringing them
to a perfect finish is not surpassed
on cars hundreds of dollars more
expensive.

Ford steel bodies combine light
weight with maximum strength
and safety. And, of course, like
the Ford chassis, they long outlive
the original purchase price.

The steel body is just one of the
many recent Ford improvements
that give the buyer greater com-
fort, value and economy of opera-
tion. Let us demonstrate.
